

B' EARTHDAY PARTIES

AT OUR

Eco-Center

3338 17th Street, San Francisco, CA 94110
(415) 252-1177 Parties@MatterofTrust.org
MatterofTrust.org

**Throw a party that makes a lasting impact on your guests,
not on the environment!**

Come celebrate your child's special day in a fun and inspirational space! We offer a memorable 2-hour experience, including eco-conscious decorations, supplies for an Earth-friendly and engaging project-based activity led by our staff, and compostable tableware for serving your refreshments. Party guests will also have access to our hands-on, eco-educational exhibits.

We're here to support you

Tell us what you would like...

We are located at the corner of 17th and Hoff between Mission and Valencia streets. We are just one block away from the 16th Street Mission BART station.

Our Eco-Center staff will be happy to answer questions about our exhibits, programs and community partnerships. We are open daily from noon to 5pm.

Choose your party theme...

Urban Garden

Frolic about as we get our hands dirty, 'green' up the room, and create the beginnings of an urban garden to take home. Parties can make their own edible soil cups, biodegradable origami pots, seed bombs, or vermacompost!

Eco-Spa

Have a fun, all-natural pampering party! Your party guests will mix up luxurious spa treatments from our natural ingredients. Experience self-created face scrubs and masks or make your own, chemical-free beauty products to take home, picking from lip balm, signature scent, or bath salts. Just a warning, peaceful relaxation might not be possible with all the laughter, chit-chat, and style advice, but their bodies will thank them for a chemical-free spa experience!

Eco Craftwork

Recycling has never been this fun, or produced such beautiful results! Our man-made surplus expert will guide party guests on the journey from trash to treasure. You won't believe what you can make! Choose from items such as cork boards, scratch-art CD's, hand-made doll pillows, pistachio florets, bottle cap art, button jewelry, superhero capes and masks, robot creations, or journals.

Gift Shop

We provide high quality goods made by people dedicated to sustainability. We give our seal of approval to products based on four important eco-principles: Sourcing and materials, production method, supply chain, health and harmony. Your purchases support our nonprofit Eco-Center and contribute to a healthier, more sustainable world.

Come in to see all of this and much more...
