

# Field Trips

## Field trip opportunities available at two Matter of Trust sites in San Francisco!

Our ecological public charity has a model factory, showcase climate friendly apartment with edible urban garden. We connect Bay Area schools, youth-based organizations, and home schoolers to eco-industry and green living. We provide resources and encourage environmental solutions!

Experts at Matter of Trust have developed an engaging STEM curriculum with hands-on activities. We are also happy to customize according to a teacher's lesson plans. These spaces are designed to inspire curiosity and unleash the eco-hero in all of us!
